

# AUTOMATION ENGINE BY THE NUMBERS

## What Can Automation Engine Do For You?

### Up to 70% reduction in manual intervention

Build quality into your processes and further increase quality with our unique assisted quality checks.

### Automate over 350 packaging-specific prepress tasks

Save valuable time, reduce errors, and increase productivity by implementing automated tasks into your prepress workflow.

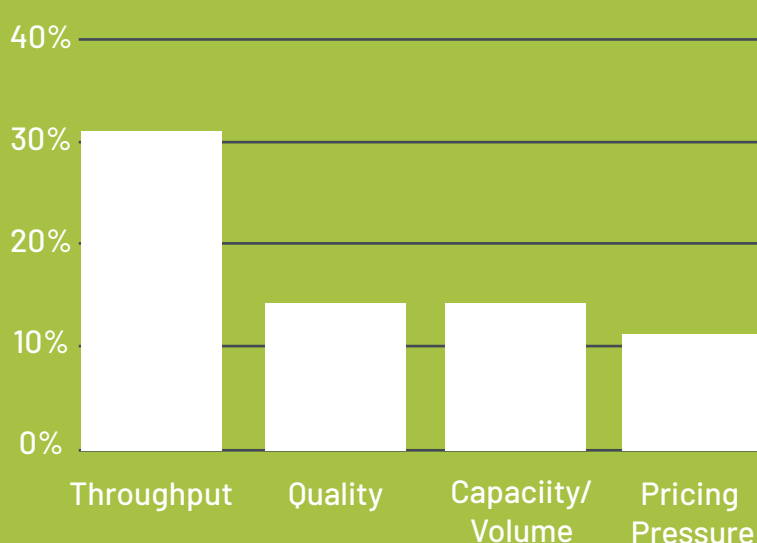

### 50% MORE jobs delivered

Without upping your headcount, we are able to offer a 50% increase in jobs delivered.

Customers report increased color consistency and **17 hours extra press capacity per month.**

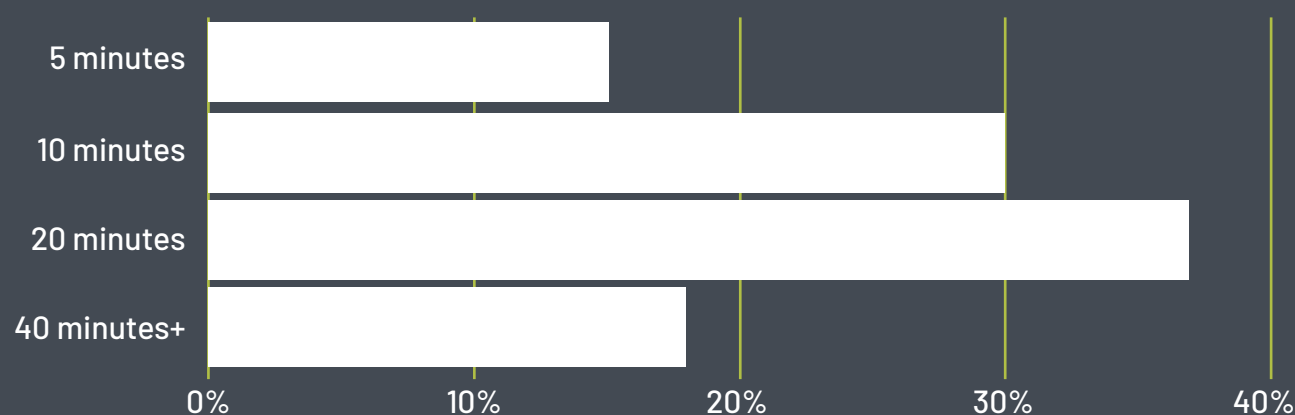

## YOUR BIGGEST CHALLENGES

Automation Engine offers a simple solution to help you overcome your biggest challenges by providing more throughput, fewer errors, and increasing production volumes.

## WHAT CLIENTS SAY: HOW MUCH TIME DOES AUTOMATION ENGINE SAVE YOU PER WORKFLOW?

PER A 2019 CLIENT SURVEY

## TWO IMPLEMENTATION OPTIONS

### Preconfigured

Rely on ESKO's 30 years of packaging knowledge, wrapped up into ready-made workflows for ease of implementation.

### Custom Deployment

Our experienced colleagues have extensive knowledge of both the packaging industry and our solutions. We are able to scope your requirements and implement them efficiently to ensure you take advantage of the technology as quickly as possible.
